Preface

The system as written in these notes will change and evolve as needed under the guardianship of Luke Gillespie (LukeG on Okbridge) and any comments or suggestions can be submitted to him - email = luke_gillespie@bigfoot.com

Ottawa, 2001 February 15

Gunther Schutzenmeier
( gmeier on Okbridge )
Characteristics of the System

Polish Club, as set out in Matula’s book, seems essentially to be a 5 card Major, strong No Trump, 2/1 system.
Except that all opening one bids are limited to less than 19 points - because these hands are lumped in with the 1C opening
1♣ is, of course, therefore forcing for one round.

Summary of system characteristics:

- 2 way Club that could be artificial strong (19+ HCP) and thus is FORCING
  but is usually what 1♣ would be in any standard system
  (though might be only 2 cards in a balanced, good 12 to bad 15, hand)
- 1 response to 1♣ is usually artificial weak
  but could also be natural (even very strong) and is FORCING;
- 5 card Majors - forcing 1NT by unpassed hand,
  2/1 responses tend to suggest game,
  there are many Bergen type and splinter support bids
- 1 opening is 4+ and tends to be unbalanced;
- Majors are bid first by responder even with [much] longer Minor
- strong 1NT opening, good 15 to bad 18 HCP, could have a 5-card Major;
- 2♣ opening is similar to precision
  - 12-15 with 6+Clubs or 5 Clubs and a 4 card Major
- 2 opening is "multi" = a weak 2 in a Major
  OR good 20 to bad 22 HCP balanced
- 2 opening shows 6-10 HCP, 5-5 cards or better in Hearts and another suit
- 2 opening shows 6-10 HCP, 5-5 cards or better in Spades and a Minor
- 2NT opening used with both Minors, 7-11 HCP.
Opening Bids in the System

The system has the following for openings and responses:

I. Opening 1♣: 19+ HCP, any distribution, artificial and forcing, 12-18 HCP 4414 (short Diamond), 16-18 HCP with 6+ Clubs or 5 Clubs and a Major.

Responses:
- 1 is negative, or 7+ having Diamonds, or 16+ balanced without a Major
- 1 is 4+ cards 7+ HCP, could have a longer Minor, even much longer and even with game forcing hand
- 1 is 4+ cards 7+ HCP, could have a longer Minor, even much longer and even with game forcing hand
- 1N is 7-10 balanced without a Major
- 2N is 11-12 balanced without a Major
- 3N is 13-15 balanced without a Major
- 2♦ is “inverted” = 10+ HCP and 5+ Clubs, denies a Major and is forcing by an unpassed hand

II. Opening 1 : 12-18 HCP, tends to be unbalanced

Responses: Natural, but a 4 card Major is always bid even with a longer Minor, inverted responses are used.

III. Opening 1 /1 : 12-18 HCP, natural showing 5+ cards.

Responses: 1N, by an unpassed hand is FORCING, and could have game going strength.

IV. Opening 1NT: good 15 to bad 18 HCP, natural, could have a 5-card Major.

Responses: from the "Scanian Way", that uses transfer to the Majors sometimes with 4 cards (balanced NT invites), transfer to the Minors after Stayman and the use of certain sequences to identify weakness in both hands.

V. Opening 2♣: 12-15, 6+ cards in Clubs or 5 Clubs and a 4 card Major.

Responses: 2 artificial distributional relay, other natural responses are natural but mostly nonforcing.
VI. Opening 2: Multi = 6-10 HCP, 6+ cards in a Major
OR good 20 to bad 22 balanced.

Responses: Heart or Spade responses are “pass or correct”
2N response is relay asking points and suit quality.

VII. Opening 2: 6-10, is a 2 suiter at least 5-5 in Hearts and another suit.

Responses: 2 or 3 say “pass or correct”,
2NT strong relay.

VIII. 2: 6-10, is a 2 suiter at least 5-5 in Spades and a Minor

Responses: 3 says “pass or correct”,
2NT strong relay.

IX. Opening 2NT: 7-11, Minor 2 suiter, at least 5-5.

Responses: 3 is artificial relay

XI. Opening 3NT: “Gambling” = solid 7 card Minor with no side Ace or King.
 all Minor suit bids (except 4 ) are pass or correct
 4 is artificial relay asking for singleton
 4/4 are natural to play
 4N is invitational to 6N with 8th card or extras

XII. Opening 4/4: Constructive preempt in Hearts/Spades: 8 winners either 6 solid or 8 missing Ace
 but with a side Ace.

XIII. Opening 4/4: Preempt in Hearts/Spades with at most 7 winners.
Opening 1

<table>

</table>

One Club shows one of 4 types of hands:

1) good 12 to bad 15 HCP, any balanced, not better as one of other suit
2) 12-18 HCP. 4414 shape, i.e. singleton Diamond
3) 16-18 HCP with 6+ Clubs or 5 Clubs and a 4 card Major
   i.e. not a 12-15 HCP 2C opener or a 4-5 D-C 1D opener
4) 19+ HCP, any distribution

Responses are:

1) 0-6 HCP, any distribution;
2) 7+ HCP with Diamonds
3) 13+ HCP, 6+ Clubs to 3 of top 4
4) 16+ HCP balanced hand without a 4 card Major
1) 6+ HCP, 4+ cards, could have a longer Minor;
1) 6+ HCP, 4+ cards, could have a longer Minor;
1NT 7-10 HCP without a 4 card Major;
2NT 10+ HCP, 5+ cards, forcing to 2N;
2  good 6+ card suit, game force, no 4 card Major;
2 /2  good 6+ card suit, game force;
2NT 11-12 HCP without a 4 card Major;
3/3 weak, 6+ cards in bid suit;
3 /3 shows weakness in bid suit – asks opener to bid 3N with a stopper;
3NT 13-15 HCP without a 4 card Major;
In case of interference:

X  Pass = willingness to play there
   a) 0-6 HCP with Club tolerance ( 3+ )
   b) 7-10 HCP with Clubs
   c) 10-12 HCP balanced, flat or with Minors
1  =
   a) 0-6 HCP without Club tolerance
      weak and nonforcing but maybe not Diamonds, if doubled can bid a Major or redouble for opener to
      choose a Major
   b) 7-10 HCP and Diamonds
1  or 1  = 7+ HCP, 4+ cards forcing
1N = natural and nonforcing
2  = weak, 5+ cards
2  /2  /2  = weak, 6+ cards
2N = ! preempt in either Minor
3  /3  = natural and invitational, 9-11 HCP, 6+ cards
3  /3  = natural and preemptive, 6+ cards
redouble = looking for game or penalties
   a) 10-12 HCP with 2 suits to double
   b) any game force, but not a Major suit response

1  Pass = weak or trapping, nonforcing
double = 7+ HCP, 4-4 or 4-5 in S-H
1  /1  = natural, forcing
1N = natural, nonforcing
2  = natural, 5+ cards, nonforcing
2  /2  = weak, 6+ cards
2N = ! preempt in either Minor
3  /3  = natural and invitational, 9-11 HCP, 6+ cards
3  /3  = natural and preemptive, 6+ cards
redouble = looking for game or penalties
   a) 10-12 HCP with 2 suits to double
   b) any game force, but not a Major suit response

1  Pass = weak or trapping, nonforcing
double = 7+ HCP not suitable for 1  or 1N
   a) 7+ HCP not suitable for 1  or 1N
      b) invitational values in a Minor
1  = natural, forcing, shows 4+ Spades
1N = natural, nonforcing
2  /2  = natural, 5+ cards, nonforcing
2  = game forcing with short Hearts
2  = natural, game forcing
2N = natural, invitational
3  /3  = natural, invitational
3  /3  = splinters supporting Clubs
1  Pass = weak or trapping, nonforcing  
double =  
a) 7-10 HCP with exactly 4 Hearts  
b) 10+ HCP, any distribution  
1N = natural, nonforcing  
2  = game forcing with short Spades  
2N = natural, invitational  
3  = natural, invitational  
3  = splinters supporting Clubs  

1N  
2  = takeout, usually Majors  
2N = game forcing, usually a 2 suiter  
other = natural, nonforcing  

Higher bids ( up to 3  )  
Double =  
a) /Major shows other Major, /Minor oriented to Majors  
b) 10+ HCP and suit that could be bid at 2 level  
two of a suit = natural, nonforcing  
three of a suit ( no jump ) = natural, forcing  
jump to three of a suit = natural, game forcing  

Otherwise it we remember that opener makes a re-opening double after responder passes with the usual hands – those short in the overcall suit suspecting a trap pass to convert it to penalties.  

Note furthermore that pass or double ( could also be a suitable strong hand ) are openers only weak bids with a passing partner – other bids are strong ( 19+ HCP ) and the true game forces are started with a cuebid  

Also we remember that in Polish Club non-jump two bids in competition are “negative free bids“ = not forcing.  

And we note that support doubles are used if responder’s one of a Major is overcalled by 4th hand.
Over the response of 1®, opener rebids:
1®
   a) all 12-15 balanced hands except those of 4-2-3-4 shape
   b) all other hands with 4+ cards in Hearts not a 2®, 2®, or 3® bid
1NT
good 18 to bad 20, balanced, could have a 5 card Major;
2®
   Clubs without a 4 card Major, not suitable for original 2®;
   artificial strong game force (see below);
2NT
good 22 to bad 24 HCP, balanced;
3®
good 22 to bad 24 HCP, good suit, 8 tricks;
3©
good suit, 8 tricks
3™
good suit, 9 tricks
3N
good suit, 9 tricks
3NT
good 22 to bad 24 HCP, balanced;
3C/3D
good suit, 9 tricks
3NT
good 22 to bad 24 HCP, balanced;
3C/3D
good suit, 9 tricks
3N
good suit, 9 tricks

Follow-ups:
Over 1®-1 : 1
   1® = natural, forcing
   1NT = natural, non-forcing
   2NT = natural, non-forcing;
   2NT = 16+ HCP balanced with no Major, forcing
   3NT = 6-card suit to 2 top honors,

Over 1®-1 : 1
   1NT = natural, non-forcing
   2NT = natural, non-forcing;
   2NT = 16+ HCP balanced with no Major, forcing
   3NT = 6-card suit to 2 top honors,

1®-1 ; 1N
The rebid of 1N shows good 18 to bad 20 HCP balanced,
with a 5 card Major possible:
( Note – 20-22 NT range is covered by Multi 2® opener )

1®-1 ; 1N
2® puppet Stayman ( or could be a Club invite if followed by 3® )
   2 no 5 card Major
   2 showing Spades
   2 showing Hearts
   2N showing both Majors
   3N showing both Majors
   3® ! was actually a Club invite !
   3 showing both Majors and a short Minor
      3® which short Minor ?
      3 = short Club
\[ \text{3N} = \text{short Diamond} \]

- 3 showing 4-4-5-0
- 3 showing 4-4-0-5
- 2 5 card Heart suit
- 2 5 card Spade suit
- transfer to Hearts
- transfer to Spades
- NT invite OR Clubs, weak or strong
- 2N transfer to Diamonds
- 5 Clubs- 4 Diamonds, 2-2 in Majors, game force
- 5 Diamonds- 4 Clubs, 2-2 in Majors, game force
- 4-5/5-4 in Minors, Heart shortness, game force
- 4-5/5-4 in Minors, Spade shortness, game force
- 3N to play
- 4\[\text{/4}\] transfer to 4\[\text{/4}\] respectively

This is the strong artificial game force in the Polish Club system:

- note 2 is the only positive bid
- strength requirements for 2:
  - = 4 HCP with an Ace or a King
  - or 5 HCP counting at most 2 Jacks
  - or 6 points counting at most 3 Jacks

The rebid of 2N shows good 22 to bad 24 HCP balanced, with a 5 card Major possible:

- 2 artificial positive waiting bid, see above for strength
- balanced or semi-balanced transfer to 2N
- 2N unbalanced with Clubs
- 3\[\text{unbalanced with Diamonds}\]
- 3 unbalanced with Hearts
- 3 unbalanced with Spades
- 3 at least 5-5 in Minors
- 3N at least 5-5 in Majors

The rebid is made with a hand having a good long suit and 8 tricks.

The rebid of 2N shows good 22 to bad 24 HCP balanced, with a 5 card Major possible:

( Note – 20-22 NT range is covered by Multi 2 opener)

\[ \text{3N} \] puppet Stayman
- one or two 4 card Major(s)
- 3 showing Spades
- 3 showing Hearts
- 3N showing both Majors
- 5 card Heart suit
- 5 card Spade suit
- transfer to Hearts
- transfer to Spades
- 5+ HCP, both Minors, a Major shortness
3N to play

1N-1 :

The 1 response to 1 is forcing, shows 7+ HCP (or a good 6) and 4+ cards in the suit.

NB – that it may have a longer Minor regardless of strength.

Opener’s rebids:

1N-1 :

- 1 - NOTE – this is FORCING (see below)
- 1N - non-forcing (see below)
- 2 - NOTE – this is FORCING

3N = strong, 5-4 in Majors, a singleton (see below)
4 /4 = strong, natural, short in Diamonds
4 = strong, natural, short in Clubs
4 = strong, 5-5 in Majors, short in Clubs

1\[2\] - 2 - 2 - 3 /3 /3N next suit by opener is relay
responder bids:
one step = lower singleton
two steps = higher singleton
three steps = lower void
four steps = higher void

1NT - 2

[ ] 2N = relay forcing [ ] to show short suit game try
[ ] 3 = forced bid
[ ] 3 = short Diamond
[ ] 3 = short Heart
[ ] 3 = short Club
[ ] 3 = help suit game try for Clubs
[ ] 3 = help suit game try for Diamonds
[ ] 3 = help suit game try for Hearts
[ ] 4 = accepting invite, showing 4 Hearts, choice of games
[ ] 3 = obstructive, to play

The 1NT response shows 7-10 HCP without a 4 card Major.

1NT - 2

2NT is inverted = 10+ HCP and 5+ Clubs, no 4 card Major - and is forcing.

1NT - 2

[ ] 2 = artificial, accepting game try, stoppers now shown
[ ] 2 /2 = cheapest Major stopper without accepting game try
[ ] 2NT = stoppers in unbid suits, without accepting game try
[ ] 3 = Club fit, forcing to at least 3N or 4
[ ] 3 = splinter, Club fit, game force
[ ] 3 = splinter, Club fit, game force
[ ] 3 = splinter, Club fit, game force
[ ] 3N = to play
[ ] 4 = key card ask in Clubs, strong hand

Shows a good 6+ card suit and enough for game.

1NT - 2NT

2NT shows 11-12 HCP without a 4 card Major.

1NT - 3/3

Are weak with a 6+ card suit.
Responder should be sound for the 3 as opener could be weak with a stiff Diamond, as against knowing a weak hand has at least 2 Clubs.

1NT - 3/3

Are splinters looking for 3N if opener has the suit covered.
1NT - 3NT;

3NT shows 13-15 HCP without a 4 card Major.
Opening Bid

1 2NT relay, forcing 3 to make a short suited game try
1 3 forced, or singleton Club or Heart in minimum hand
1 3 = short Diamond
1 3 = short Heart
1 3 = short Clubs
1 3 3 help suit game tries
1 3 = 1-2-3 STOP, preemptive

1 -2NT ;

This is Jacoby showing 16+ HCP with 3+ card support
or a 16+ balanced hand.

1 - 3 ;

Shows a 7 to bad 10 HCP hand with 4 card support.
Opener can invite with a bid below 3 of his suit
bid 3 or 4 of the suit to play
or bid a suit between 3 and 4 of the suit as a slam try splinter

1 -3 ;

1 3 = invite
1 3 = invite
1 3 = sign-off
1 4 4 4 = splinters, slam try
1 4 = sign-off
Is an artificial raise = 10-12 HCP hand with 4 card support and no shortness.
Opener now usually knows where to play
– a bid between 3 and 4 of the suit is a natural slam try
and responder must cuebid nearest first rd control below game.

Is an artificial raise = 10-12 HCP hand with 4 card support
and a singleton or void somewhere.
Opener can relay with 3 of the suit to learn what responder’s shortness is !
or show a singleton (void) as a slam try himself !?

1 -3 ;

1 -3 ;

This is a balanced raise showing a very good 3 or 4 card raise,
13-15 HCP, no shortness

1 - 3N;

These are splinter bids showing 13-15 HCP and shortness in the bid suit,
i.e. stronger than the general (short suit unknown) splinter
that would be shown with a 1 -3 ; sequence
## Basis of the system
We use responses to 1NT out of the book by Lindkvist, Nisland and Wirgen = “Notrump Bidding – the Scanian Way”.

## Characteristics of the Scanian method
According to the Scanians their system:

1. adequately handles the Major suits;
2. quickly identifies the end goal of the auction (game or slam) to allow North to consider his own hand with respect to the target. An acceptance of a game-invitation could even happen on cards with which one, instead, would decline a slam-invitation;
3. minimizes the exchange of information when the objective is only to play in game or a partial;
4. makes play more likely from the undisclosed hand, avoiding, for who plays the hand, explaining too much about her own hand to the defence;
5. but nevertheless supplies details on South's hand when requested, which is when North has different possible final contracts and therefore needs to know something more about partner's hand.
Methods used over the 1NT opening

Used are:

**Stayman**

*Stayman for a Major fit*  
Is used in the usual way to find a Major fit, but only with very weak hands (non-forcing Stayman) or at least game-forcing hands. The invitational hands with four-card Majors are actually bid starting with a transfer into the 4 card Major.

*Smolen convention*  
Over a 2 response we use the Smolen convention, where one jumps in one of the Majors to indicate 5+ cards in the other Major and 4+ cards in the bid Major. Afterwards responder reveals the exact lengths of her suits (5-4, 5-5 or 6-4) and her strength (game or slamish).

*Minor Suit Stayman*  
Following the Stayman 2 responder has available a second asking bid (3) to find out more about opener's distribution and, in particular, to identify four-card Minors.

*Stayman, then transferring to the Minors*  
Stayman can be used even with a weak hand having a 4 card Major and a longer Minor as 2N and 3 transfer to the Minors.

**Transfers to the Majors**

*Transfers to the Majors even with just 4 cards*  
Major-suit transfers are not used in the standard manner. In fact, besides showing many hands with at least 5 cards in the suit, they are also used for game-invitational hands having only 4 cards in the Major.

*Superacceptance*  
Opener can simply complete the transfer, but with a maximum and a fit - opener will not simply accept the transfer.

*Auction following the transfer*  
After normal completion of the transfer, responder follows the same rebid structure, no matter which suit into which she transferred:

- 1st step = invitational to game, 4 cards if the suit is Spades, 4/5 cards if Hearts
- 2NT (only over 2 -2) 4-4 Majors invitational to game
- 3 GF+ with 5 cards in the Major
- 3 GI or SI with 6 cards in the Major (if SI, then without a singleton)
- 3 SI at least 5-5 with a side suit
- 3 SI at least 5-5 with a side suit
- 3NT, choice of games
<table>

| 2NT response |
| The bid of 2NT is used in the system for: |
| Use of the 2NT ask |
| GI hands with a Minor single-suiter where one needs an Hx+ fit |
| balanced GF hands without interest in Majors where one fears the lead in a weak doubleton |
| Jumps to 3 of a suit (not 3\spadesuit which is weak sign-off) |
| Used for 3 suited hands with a singleton/void (splinters) |
| 3 \heartsuit 3 show 4144/1441 while 3 \spadesuit is 4414, 4414, 4450 or 4405 |
Weak hands

With a weak hand South can:

Handling weak hands through Stayman or transfers

a) Bid 2♦ Stayman and pass, bid 2 NT over 2 (pass or correct, though opener will bid with a max), bid 2NT or 3♠ over any response as a transfer to Clubs and Diamonds and pass the forced completion of the transfer.
b) Transfer to Hearts or Spades and pass

c) Bid 2 with a Minor two-suiter and pass (over 3♦ or 3♠) or bid 3♦ (pass or correct) over 2NT, which shows a minimum hand
d) Bid 2 with a Diamond single-suiter, and then bid 3 over 2NT or 3♠

In short, adequately represented are:

- All single-suiters, including Diamonds.
- Two-suiters with at least 8 cards in the Majors
- Two-suiters with 4 cards in a Major and a six-card Minor, where, after having looked for the Major fit, one can play in the Minor.
- Two-suiters in the Minors, not biddable in other systems.
Game-invitational hands

With a GI hand, South can:

e) Bid 2♣ with 5 Spades, excluding 5-5 Majors which is bid by transferring to Hearts (2NT) and rebidding 2♦;
f) Transfer to Hearts and rebid 2♠. With this sequence responder shows a 5+ card GI Heart hand without Spades;
g) Transfer to Hearts and rebid 2NT, showing 4-4 Majors invitational;
h) Transfer to Hearts and rebid 3♦, showing a six-carder in Hearts, invitational to game or invitational to slam;
i) Transfer to Hearts and rebid 3♣, showing 5/5 Hearts/Clubs;
j) Transfer to Hearts and rebid 3♠, showing 5/5 Hearts/Diamonds;
k) Transfer to Spades and rebid 2NT, showing exactly 4 Spades invitational to game;
l) Transfer to Spades and rebid 3♣, showing six-carder in Spades, invitational to game or invitational to slam;
m) Transfer to Spades and rebid 3♦, showing 5/5 Spades/Clubs;
n) Transfer to Spades and rebid 3♠, showing 5/5 Spades/Diamonds;
o) Bid 2♣ with a GI balanced hand without four-card Majors, inviting opener to bid 2NT with a minimum and to choose a preference between Minors with a maximum (in case responder has the weak two-suiter Minors);
p) Bid 2♣ with two-suited Minors invitational to game, inviting opener to bid 2NT with a minimum and choose a preference between Minors with a maximum; in this last case one shows a singleton or bids 3NT;
q) Bid 2NT with a six-card Minor single-suiter to 1/2 top honours, asking opener to bid any weak doubleton. Game will be bid only if the eventual doubleton of North does not coincide with either South's six-card Minor or South's weakness.

The following distributions are therefore able to be shown:

- balanced with at least one four-card Major, after which opener, in case of a misfit, does not give out any info about her distribution;
- balanced without four-card Majors, over which opener just shows minimum or maximum without revealing distributional details;
- hands with a five-card Major, but with ambiguity in the sequence 2♣...2♦ where South can have 4 or 5 Hearts;
- two-suited 4-4 and 5-4 Majors
- any 5-5
- six-card single-suiters, Major or Minor

So it only loses, with respect to classic systems, handling 4-5+ with a four-card Major.
Game hands

With a hand strong enough to play game, but not strong enough for a slam try, responder can:

a) sign off directly in game, bidding 3NT, 4 , 4 or transfer to the corresponding Major through the bids 4 or 4 (South African Texas);

b) transfer to a Major and sign off in 3NT, showing 5 cards in the Major and balanced (5332) or semi-balanced (5422 with four-card Minor);

c) bid Stayman and then, over 2 or 2 , sign off in 4 of the suit shown by opener or 3NT

d) bid Stayman and, after 2 , sign off in 3NT;

e) bid Stayman and then, after 2 , sign off in 3NT;

f) bid Stayman and, over the 2 response, further inquire about distribution through the asking 3 , showing interest in the Minors;

g) bid Stayman followed, over 2 , by a jump in a Major, showing 4+ cards in the Major shown and 5+ cards in the other Major (Smolen convention). After this South will clear up the exact lengths of her suits;

h) bid Stayman, transfer to Clubs via 2NT and then rebid 3 , showing a six-card Minor with a singleton in the other Minor. North, with the 3 relay, can ask where the singleton is (and thus the six-card suit), to which South responds 3 with a singleton in Diamonds and 3NT with a Club singleton;

i) bid Stayman then transfer to a Minor and, finally, bid the Major in which a singleton is held (without denying four Spades if opener's Stayman response was 2 ). This sequence guarantees six-cards in the Minor

j) bid Stayman, transfer to a Minor, and jump to 4 of a Major, showing 5+ in the Minor and 6 in the Major, game strength.

k) transfer in to a Major and rebid 3 , a relay used for all hands with a five-card Major, a singleton and Gf+ strength or for 5422 SI hands

l) bid 2 and, over any response by North, bid 3 or 3 , showing 5-4 Minors with a singleton in the suit shown with less than four cards in the other Major;

m) bid an immediate splinter (from 3 to 3 ) showing a singleton in a Minor suit without excluding four-card Majors ( 3 ) or in a Major guaranteeing the other four-card Major (3 and 3 );

n) Bid 2NT, to verify the presence of some weak doubleton

The system easily covers all hands in which responder has 4 or more card Majors, and shows singletons to avoid playing in an easily-defeated 3NT in case of a misfit.

With a Minor-suited hand responder signs off quickly in 3NT but, with both single-suiters and two-suiters, responder can show a singleton with safety in mind, to verify a stopper in the unguarded suit.

Finally the responder, with a balanced hand can bid 2NT when the hand contains a weak doubleton.
Slam hands

With slam hands, the system offers many options.

Balanced hands

With balanced hands responder can:

a) Bid Stayman and, over the response 2 or 2 , jump to 4 or 4 to show a splinter, SI

b) Bid Stayman, ask further with 3 and then go past 3NT with a Minor-suit raise, cue-bid or 4NT (total misfit, quantitative)

c) Bid Stayman and, after 2 or 2 , ask for more via 3 and, subsequently, raise the original response suit.

5332 hands with a five-card Major

With semi-balanced slam hands (5332) with a five-card Major South first transfers to the Major, then bids:

d) 4NT immediately, quantitative, non forcing

e) 3 (five-card Major GF+) then 4NT, stronger than the immediate 4NT but still passable

f) 3 (five-card Major GF+) followed by 5NT, forcing at least to a small slam

5332 hands with a five-card Minor

With semi-balanced slam hands (5332) with a five-card Minor South first goes through the delayed transfer to the Minor and bids 3NT (MSI), 4NT (SI) or 5NT (slam force).

Six-card Major single-suiters

With the six-card Major single-suiters responder has various options:

a) Bid Texas and then ask for aces (RKCB for that Major)

b) Transfer to Hearts or Spades and raise to 4 or 4 , MSI without a singleton, whereas with SI one prefers to bid 3 .

Six-card Minor single-suiters

With a six-card Minor single-suitor the auction always goes through Stayman followed by transfer to the long Minor(always Clubs if a singleton in a Minor). Thus:

g) one shows a singleton, having the shrewdness, in the sequence 2 ...2NT...3 (Minor single-suitor) to not respond 3NT with a Club singleton and slam strength. Better to bid 4 . If over these sequences North shows a fit one follows with a cue-bid, or else can reopen over 3NT by her partner and show a slam hand;

h) one bids 4 of the Minor into which she has transferred without a singleton

Two-suiter with at least 9 cards in Majors

With at least 9 cards in the Majors South first of all bids Stayman and then:

i) Over 2 , with 6-4 use Smolen by jumping to 3 or 3 , the four-card suit, showing at the same time 5+ cards in the other Major. Therefore, after 3NT (misfit), South shows MSI by bidding 4 of the six-card suit, and shows SI by bidding 5 of the suit.

j) Still over 2 , with 5-5 or 6-5 and at least 3 TH's in the two long suits, South jumps to 4 or 4 , showing singleton/void, whereas with a slam hand but with no more than 2 TH's in the Majors bids Smolen with 3 , and then bids 4 (stronger than Smolen with 3 ...4 , which just shows game).

Two-suiter with at least 9 cards in Minors

With slam and at least 5-4 in the Minors the auctions starts with 2 ...3 / showing the singleton. If North signs off in 3NT South reopens showing the 5-card suit and slam interest.

With 5-5 and at least 3 TH's in the two suits South can take two paths: show Diamonds first (2...3) and jump to 4 , MSI, or show Clubs first (2...2NT) and jump to 4 , SI.
Two-suiter with 5+ cards in a Major and 4+ in a Minor

The auction starts with a transfer to the Major followed by a GF+ hand with 5+ cards in the Major. South then shows her distribution and slam strength.

Two-suiter with 5 cards in a Minor and 4 in a Major

The two-suiters with 9 cards in the suits and longer Minor are bid in different ways:

k) With 5-4-3-1 one immediately jumps in the singleton, reopening over 3NT by bidding the five-card Minor

l) With 5-4-2-2 one bids Stayman and, in absence of a fit one bids as if having 5332

m) With 5-4-2-2 one bids Stayman and bids as if holding 5332 over 2 . Over 2 (which does not deny Spades) South looks for a Spade fit via 3 and bids 4 of North's four-card suit or 4NT if a fit is not found.

Two-suiter with 6+ cards in a Minor and 4 in a Major

This type of distribution always begins with Stayman.

r) Transfer to a Minor followed by a jump raise. This is, of the slam invites, the weakest and is easily passable by North if he does not have the perfect fit;

s) Transfer to a Minor, then bid the singleton cheaply, then raise the Major. This is stronger than the previous sequence;

t) Transfer to a Minor, and jump in the other Major. This is the strongest of the sequences and shows a singleton/void in the other Major.

Three-suiter

One jumps to 3 or 3 with a singleton/void and, subsequently, keeping the auction open over 3NT (with 4NT if 4441, bidding the five-card Minor if 5440)
Responses to 1NT without interference

The responses are:

- **2 Blatt** normal Stayman, but can be used with Minor-suit, weak or strong;
- **2®** transfer to Hearts, perhaps only 4 cards (if balanced invite);
- **2©** transfer to Spades, perhaps only 4 cards (if balanced invite);
- **2™** balanced GI without Majors, or Minor 2-suiter of various strengths or weak 1-suiter in Diamonds;

**2NT** long Minor GI or balanced GF with a weak doubleton somewhere

- **3 Blatt** weak
- **3®** three-suiter with a singleton in a Minor
- **3©**/3™ three-suiter with a singleton in the suit

**3NT** to play

**4 Blatt/4®** Texas to Hearts and Spades without slam interest

- **4©**/4™ to play

**4NT** quantitative slam try

Responses to Stayman

The responses to Stayman only number three, since Stayman is non-forcing

**1NT-2 Blatt**

| 2 | = no Major |
| 2 | = 4 Hearts, not 4 Spades ([see below](#)) |
| 2 | = 4 Spades, not 4 Hearts ([see below](#)) |
| 2N | = 4-4 in the Majors, minimum |
| 3/3 /3 | = transfers |
| 3 | = 4-4 in the Majors, maximum |
| 3 /3 | = transfers |

**1N - 2 Blatt**; **2 Blatt** (no Major)

Continuation with a weak Major two-suiter or invitational with Spades

Responder’s rebid of 2 shows weak two-suiters with 8, 9 or 10 cards in the Majors OR a GI hand with 5 Hearts and 4/5 Spades.

Responder’s rebid after using Stayman of 2 is for an unbalanced GI with 5 Spades.

**1NT-2 Blatt**: **2 Blatt**

| 2 | 4+/4+ Major, or GI with 5 Hearts and 4/5 Spades |
| 2 | pass with 3 Hearts and a minimum |
| 2 | with 3/3 in Majors and a maximum or any 3/2 in S/H |
| 2N | 2N with 2/3 in S/H and a maximum |
| 2 | 5 Spades, GI |
| 2 | pass with 2/3 Spades and minimum |
| 2NT | 2 Spades and a non-minimum hand |
| 3/3 / 3/4 | 3/4 Spades with a good bid suit, game try |
| 3 | 3/4 Spades and a non-minimum hand, no outside good suit |
| 3NT/4 | to play |
Transfers to the Minors

These are used with six-card Minors.

1NT-2♣: 2

- 2NT transfer to Clubs
  - 3♣ forced
    - pass with 6+ Clubs, possibly a four-card Major, weak
    - 3 singleton in a Minor, six-cards in the other Minor
      - 3 asks for singleton
        - 3 singleton Diamond, game or slam
        - 3NT singleton Club, game strength only
        - 4 singleton/void Club, slam
        - 4 void Diamonds, slam
    - 3 / singleton Heart/Spade, six-cards in Clubs, GF+
    - 3NT single-suiter in Clubs, MSI, no singleton
    - 4 6+ Clubs, SI without a singleton
    - 4 SI 5-5 Minors, at least 3 TH's in suits
      - 4 asks number of TH's (3,4...)
    - 4 / 5+ Clubs, 6 Hearts/Spades, game only

- 3♠ transfer to Diamonds
  - 3 forced
    - pass with 6+ Diamonds, possibly a four-card Major, weak
    - 3 / singleton Heart/Spade, six-cards in Diamonds, GF+
    - 3NT single-suiter in Diamonds, MSI, no singleton
    - 4 5-5 Minors at least 3 TH's, less strength than 2NT...4
      - 4 asks number of TH's (3,4...)
    - 4 6+ Diamonds, SI without a singleton
    - 4 / 5+ Diamonds, 6 Hearts/Spades, game only

Asking for the Minors

Used with slam interest in at least a 4-4 Minor fit

1NT-2♣: 2

- 3 asking for Minors
  - 4/5 Clubs
    - 3NT to play
    - 4 fixing the suit, no Spade cue-bid, no A of Diamonds
    - 5 /4 / cue-bid (4 =Ace of Diamonds, no Spade cue)
      - 4NT quantitative, possibly five Diamonds
    - 3 4/5 Diamonds, continuations as over 3
    - 3NT 4-4 Minors, 4 and 4 fix the suit
    - 4/4 5-2 in Minors, max

Smolen

The Smolen convention allows accurate description of the two-suited Major hands with at least 9 cards in the suits, GF+.

Search for a Major fit

1NT-2♣: 2

- 3 / 4+ cards in the Major, 5+ cards in the other Major, GF+ (Smolen)
  - 3NT misfit for the Majors
    - 4/4 5-4 Majors, 3 of the Minor
    - 4 over 3 5-5 game, over 3 4-6 game (six Hearts), MSI
    - 4 over 3 6-4 game (6 Spades, MSI), over 3 5-5 slam, less that 3 TH's in the two suits
4NT 5-4-2-2, slam
5 / six cards, stronger slam try than 4 /
fit in the other Major
4 or pass 4 with game
cue-bid with slam
Other sequences over the 2 response to Stayman

The last sequences over the 2 response are sign-offs (game) or shows slam interest (5-5 Majors or Blackwood directly)

**Sign-off responses, SI 5-5 Majors and Blackwood**

1NT-2♣; 2

- 3NT to play
- 4♣/4 5-5 slammish Majors, stiff/void in suit
- 4 /4 4-6 Majors not SI, opener goes on only with very good hands
- 4NT quantitative raise looking for 6N

**2 response (4 Hearts, not 4 Spades)**

Continuations with 5+ Spades, GI

In the case where South holds 5 Spades GI he bids 2, with continuations just like those examined over a 2 response

1NT-2♣; 2

- 2 5 Spades, GI
  - pass with 2/3 Spades and minimum
  - 2NT 2 Spades and a non-minimum
  - 3♣/ / 3/4 Spades and good bid suit, game try
  - 3 3/4 Spades and a non-minimum, no good suit
  - 3NT/4 to play

Transfers to the Minors

The transfers to the Minors follow the lines already seen after the response of 2. Of note is that an eventual 3 by South shows a singleton Heart, even if North has 4, and does not show a fit as one would instinctively predict. This allows opener to upgrade a hand with a fit for the Minor and Axxx – x in the Major.

**Handling GI hands with 5 Spades**

1NT-2♣; 2

- 2 5 Spades, GI
  - pass with 2/3 Spades and minimum
  - 2NT 2 Spades and a non-minimum
  - 3♣/ / 3/4 Spades and good bid suit, game try
  - 3 3/4 Spades and a non-minimum, no good suit
  - 3NT/4 to play

Transfers to the Minors after a response in a Major

1NT-2♣; 2

- 2NT transfer to Clubs
  - 3 forced
    - pass with 6+ Clubs, weak, possibly 4 Spades
    - 3 with a singleton Minor, continuations like over 2
    - 3 six Clubs, singleton Heart, possibly four Spades, GF+
    - 3 six Clubs, singleton Spade, possibly four Hearts, GF+
    - 3NT single-suiter in Clubs, MSI, without singleton
    - 4 six Clubs, SI, no singleton
    - 4 5-5 Minors, 3+ TH’s in the suits, SI
    - 4 asks number of TH’s in the suits (3, 4...)
    - 4 / 5+ Clubs, 6 Hearts/Spades, game
  - 3 transfer to Diamonds
    - 3 forced
      - pass with 6+ Diamonds, weak, possibly 4 Spades
      - 3 / singleton Heart/Spade, six Diamonds, GF+
      - 3NT single-suiter in Diamonds MSI, without singleton
      - 4 5-5 Minors, 3+ TH’s in the suits, MSI
      - 4 asks number of TH’s in the suits (3, 4...)
      - 4 six Diamonds, SI, no singleton
      - 4 / 5+ Diamonds, 6 Hearts/Spades, game
Asking for the Minors

The response of 2 ♠ denies 4 Spades, the response to the asking 3 ♥ is as it is over a 2 ♠ rebid. 1NT-2♣: 2

Asking for the Minors, or Spades, after the response of 2

Other sequences over 2 ♠ response

The other sequences, apart from 3NT which is to play, show a fit in Hearts (3 ♠ limit, 4 ♠ to play, 4♣/4 ♥ splinters, 3 ♦, the OM asks if opener has 5 Hearts (for game) OR will next cuebid to indicate was really a slam try with 4+ support, 4NT RKC Blackwood, others Voidwood)

Sequences to play (3NT and 4♠) or GI or SI with Heart fit
2 response (4 Spades, not 4 Hearts)

Transfer continuations

Transfer continuations follow the same rules as over 2

1NT-2♣; 2

- 2NT transfer to Clubs
  - 3♣ forced
    - 1♣ pass with 6+ Clubs, weak, possibly 4 Hearts
    - 3 six Clubs, singleton Heart, possibly four Spades, GF+
    - 3 six Clubs, singleton Spade, possibly four Hearts, GF+
    - 3NT single-suiter in Clubs, MSI, without singleton
    - 4 six Clubs, SI, no singleton
    - 4 5-5 Minors, 3 TH's in the suits, SI (stronger than 3...4)
    - 4 asks number of TH's (3, 4...)

- 3♠ transfer to Diamonds
  - 3 forced
    - 1♣ pass with 6+ Diamonds, weak, possibly 4 Hearts
    - 3 singleton Heart/Spade, six Diamonds, GF+
    - 3NT single-suiter in Diamonds MSI, without singleton
    - 4 5-5 Minors, 3 TH's in the suits, MSI (weaker than

2NT...4 )

- 4 asks number of TH's (3, 4...)
  - 4 six Diamonds, SI, no singleton
  - 4 5+ Diamonds, 6 Hearts/Spades, game

Asking for the Minors

After 2 the asking for the Minors is very simple, and there are only 3 possible cases:

1NT-2♣; 2

- 3 asking about Minors
  - 4 Clubs
  - 4 Diamonds
  - 3NT 4333

Other sequences over 2

The other sequences, apart from 3NT which is to play, shows a Spade fit (3 limit, 4 to play,
4♠/♣/3  splinters, 3 , the OM asks if opener has 5 Hearts ( for game ) OR will next cuebid to
decide was really a slam try with 4+ support, 3 with 9+ cards in the Majors and SI, 4NT RKC
Blackwood, others are Voidwood)

1NT-2♣; 2

- 3 Spade fit, GI
  - 3 asks for 5 Spades, OR slam try with 4+ fit
    - 3N= not 5 Spades
  - 3NT to play
  - 4 splinters
  - 4 to play
  - 4NT quantitative try for 6N
  - 5 /5/5 Voidwood
2 transfer

The transfer 2 guarantees at least 4 Hearts and is made with many strengths and distributions. Opener treats the transfer to Hearts as a weak invite and superaccepts with a maximum, 2 with 3 card support and 2N with 4 or 5.

The basic structure is:

After a superacceptance South retransfers and passes, signs off in game or cue-bids as a slam try. Over normal acceptance South can pass, invite or force game, in the latter case asking distribution.

Structure of responses over the transfer 2

1NT-2 :
  2 with 2 Hearts or a minimum
    pass = weak with 5+ Hearts
    2 = GI, 4/5 Hearts (see below)
    2NT = GI, 4-4 Majors, (see below)
    3 = GF, 5+ Hearts
    3 = GI or SI, 6+ Hearts
    3 = 5-5 Hearts-Clubs
    3 = 5-5 Hearts-Diamonds
    3NT = 5332 or 5422, game. North picks final contract
    4/4 = splinters SI
    4 = 6+ Hearts, MSI (otherwise a direct 4 or 4)
    4NT = 5332 or 5422, SI, North can pass

2 superaccept with 3 Hearts and a maximum
  2N = exactly 4 Hearts, but not both Majors
    3 = relay asking for shortness
      3 /3 /3 = shortness
      3N = no short suit, less than 4 Spades
    3 = 5+ Hearts, mild game try
    3 = transfer to 3
    3 = 5 Hearts, slam try with a Minor side suit
      3 = which Minor?
    3 = splinter
    3N = 4-4 in Majors
    4/4 = splinters
    4 = to play

2N super accept with 4+ Hearts and a maximum
  3 = 5+ Hearts, mild game try
  3 = transfer to 3
  3 = 5 Hearts, slam try with a Minor side suit
    3 = which Minor?
  3 = splinter
  3N = choice of contract
  4/4 = splinters
  4 = to play

Continuations after 2 GI

2 after normal acceptance of the transfer shows GI with 4 or 5 Hearts. North with a minimum bids 2NT, whereas with a maximum can ask for South's distribution.

GI with 4 or 5 Hearts
  1NT-2 ; 2 = 4/5 Hearts, GI
    2NT 2/3 Hearts, minimum
      3 asking distribution, maximum
<table>
<thead>
<tr>
<th>3</th>
<th>4 Hearts, singleton in a Minor</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>! = ask for singleton?</td>
</tr>
<tr>
<td></td>
<td>! = Diamonds, 3NT = Clubs</td>
</tr>
<tr>
<td>3</td>
<td>5 Hearts</td>
</tr>
<tr>
<td>3</td>
<td>4 Hearts, singleton Spade</td>
</tr>
<tr>
<td>3NT</td>
<td>4 Hearts, no singleton</td>
</tr>
</tbody>
</table>
Continuations after 2NT GI

2NT shows 4-4 Majors, GI. Opener can pass, bid 3 or 4 of the Major, or sign off in 3NT. With a weak doubleton in a Minor, opener can first verify if it is covered for 3NT or not.

GI with 4-4 Majors

1NT-2 ; 2 - 2NT 4-4, GI
- !pass,3 /3 /3NT/4 /4 to play
- 3/3 weak doubleton in the suit?
  - 3 yes, weak doubleton in the suit
  - 3NT no, suit covered

3NTGF

With 5 Hearts and a game hand South always bids 3NT, no matter what the distribution.

GF hands with five Hearts

1NT-2 ; 2 - 3NT 5+ Hearts, GF+
- 3 asking, misfit or xxx fit with interest in 3NT
  - short Spades or 5422
    - 3 (xxx Heart fit) or 3NT
      - 4 / 5422 slam
    - 4 /5om = implied Minor fit
  - short Diamonds, possibly SI
  - 3NT short Clubs GF
  - short Clubs, TS
  - 6+ Hearts, 4 Diamonds, SI
  - 6+ Hearts, 4 Clubs, SI
  - 5-4-4-0 void in Spades
- Hxx(x) or better Heart fit
  - 3NT/4 to play
  - SI without four-card Minors, not necessarily cue-bid
  - 4 / slam, 4 cards in the suit
- 3 3+ Hearts, no TH, no four-card Minors, maximum
  - / 3+ Hearts, no TH, 4 cards in the suit

3 with a six-card suit

With 6+ Hearts South can invite game or, if strong, can show slam interest by bidding 3.

1NT-2 ; 2 - 3NT 6+ Hearts, GI or SI
- minimum, over which South cue-bids with SI
- 3NT to play if GI, South reopens with SI
- / cue-bid with maximum and Heart fit

Six-card Heart suit, GI or slam

Other sequences

Of the other sequences the more interesting are jumping in a Minor, dedicated to 5-5 slam hands with at least 3 TH's in the suits.

Sequences with 5-5 slam

With 5 Hearts South can invite game or, if strong, can show slam interest by bidding 3.

1NT-2 ; 2 - 3NT 5332 or 5422, game
- !pass/4 to play

1NT-2 ; 2 - 4NT 5-5 Hearts/Clubs, slam with at least 3 TH's
- 4 != #TH's?
  - 4 = 3, 4 !=, etc.
- / minimum and misfit
- /4NT cue-bid in Spades or Diamonds, 3 TH's, invites cue-bids

1NT-2 ; 2 - 4NT 5-5 Hearts/Diamonds, slam with at least 3 TH's
- 4 != #TH's?
4 = 3, 4NT=4, etc.

4 /5 minimum and misfit

4NT , 5 cue-bid in Spades or Clubs, 3 TH's, invites cue-bids
2 transfer

The transfer 2 guarantees at least 4 Spades. If GI, South promises 4 Spades, otherwise the hand is shown via 2NT.

1NT-2

<table>
<thead>
<tr>
<th>2 = normal acceptance</th>
</tr>

Six Spades, GI or SI

As over the transfer to Hearts, 3 guarantees six Spades and shows GI or SI

1NT-2  ; 2  ; 3  6+ Spades, GI or SI

3 minimum, over which South cue-bids if SI
3NT to play if GI, South reopens if SI
3 /4/4 cue-bid with maximum and Heart fit
Other sequences

Again 5-5 slam hands to at least 3 TH's in the suits are described.

Sequences with 5-5, slam

1NT-2 ; 2 -3N = 5332 or 5422, game

| pass/4 to play |

1NT-2 ; 2 -4 5-5 Spades/Clubs, slam try

| 4 != # TH's? |
| 4 = 3, 4 =4, etc. |
| 4 minimum and misfit |
| 4, 4NT cue-bid in Hearts or Diamonds, 3 TH's, invites cue-bids |

1NT-2 ; 2 -4 5-5 Spades/Diamonds, slam try

| 4 != # TH's? |
| 4 = 3, 4NT=4, etc. |
| 4 minimum and misfit |
| 4NT, 5 cue-bid in Hearts or Clubs, 3 TH's, invites cue-bids |
2 transfer

2 is used for GI balanced hands without four-card Majors to find out whether opener’s hand is minimum or maximum, without giving out any distributional details. Opener with a minimum bids 2NT while with a maximum does not sign off in 3NT, but gives a preference between the Minors, since 2 can be made with a Minors two-suiter or with a Diamond one-suiter. In each case, a four-card Major is denied.

1NT-2 weak Diamond single-suiter, GI balanced, 5-5 Minors, two-suited Minors GF+

<table>
<thead>
<tr>
<th>2NT = minimum</th>
</tr>
</thead>
<tbody>
<tr>
<td>3 5-5 Minors weak or GI, opener passes or corrects to 3</td>
</tr>
<tr>

</tr>
</tbody>
</table>

2NT asking bid

When South has a Minor single-suiter to two TH's of intermediate strength, he often wants to be in game, but it is necessary that North have the other honour, or, if not, three spot cards. With a weak doubleton, in fact, the communication is often insufficient to run the suit. At the same time there are hands which South could, because of HCPs, bid 3NT, but where a weak doubleton gives him fear of quickly going down. For both these situations is the 2NT bid, which simply asks opener to bid 3NT unless she holds a weak doubleton. In this case North bids the doubleton and any danger can be diagnosed. Later bids over 3NT, in fact, show that both hands have the same weak doubleton and look for a more secure contract.

1NT-2NT Minor single-suiter GI, or balanced with an unstopped doubleton GF

| 3/ / / weak doubleton in the suit |
| 3NT no weak doubleton |

Splinters

The 3-bids, except 3 which is weak, are splinters, and show GF+ strength and a 3 suited hand.

3 splinter

Shows a splinter in one of the Minors, opener can bid 3N or relay with 3 to learn which is responder’s short Minor ( 3 = Clubs 3 = Diamonds ).

1N

| 3 weak, to play |
| 3 singleton Diamond |
| 3 which Minor ? |
| 3 4-4-1-4, short Club |
| 3N 4-4-1-4, short Diamond, min |
| 4 4-4-1-4, short Diamond, max |
| 3 4 Spades, slam cards |
| 3N natural, strong Minors |
| 4m 4 Hearts, max, cuebid |
3 and 3 splinters

The Major-suit splinters are like those in the Minors but they guarantee 4 cards in the other Major. The 5431 hands with 9 cards in the Minors actually go through the transfer 2.

1N

3 singleton Heart

34 Spades, slam cards

3N natural

4m 4 cards, better than min

4 /5m 4 cards, min

3 singleton Spade

3N natural

4 a)3 Clubs, good hand OR b) 4 Hearts, max

4 relay with slam interest

4 shows the Heart hand

4 shows Clubs, is a cuebid

4N shows Clubs, is a Diamond cuebid

5 shows Clubs

4 pass or correct to 5

4 4 card support, good hand

4 /5m 4 cards, min
**Other responses**

The last responses possible by South are South African Texas (4 for Hearts and 4 for Spades), the sign-off in game (3NT and 4 in a Major) or the immediate Blackwood.

Transfers 4 and 4

Opener completes the transfer into the corresponding Major

4NT

Quantitative raise, opener passes,
shows Aces or bids a possible trump suit at 6 level
Interference over our 1NT

Sometimes the opponents chose to double or bid over our good 1S to bad 1N opener. Our methods give us ways to find a safe resting place when they double and seek to be constructive when they call – using negative doubles of natural overcalls up to the game level – i.e. even at the two level – also transfers are used when we bid on at the 3 level over their overcalls.

If the double is a penalty double then there will not be enough strength left for responder to need to look for game – therefore the emphasis is mostly on finding a fit to play at the lowest possible level.

Bidding when they double

1N(dbl)--
- pass = willingness to play there, pd is allowed to run
- redouble = forcing to 2N or to double of opponents
- 2 = either weak with 5+ Clubs OR 4+/4+ Diamonds and a Major
  - if dble - 2 is Diamonds and Spades, redble is the reds
- 2 = either weak with 5+ Diamonds OR 4+/4+ in the Major
  - if dble - 2 is equal or better Hearts, redble is better Spades
- 2 /2 = natural, 5+ cards, weak
- 2N = artificial, unbalanced game force
- 3 /3 /3 = preemptive

Bidding with a 2ß overcall

1N(2ß)--
- double = take-out
- 2 /2 /2 = natural, non-forcing
- 2N = 5-4 or 4-5 in Majors, at least invitational
- 3 = 5+ Diamonds, at least invitational
- 3 = 5+ Hearts, at least invitational
- 3 = 5+ Spades, at least invitational
- 3N = natural with a stopper
- 4/4 = transfers to 4 /4

Bidding over a 2® overcall

1N(2®)--
- double = take-out
- 2 /2 = natural, non-forcing
- 2N = 5+ Clubs, at least invitational
- 3 = 5-4 or 4-5 in Majors, at least invitational
- 3 = 5+ Hearts, at least invitational
- 3 = 5+ Spades, at least invitational
- 3N = natural with a stopper
- 4/4 = transfers to 4 /4

Bidding with a 2© overcall

1N(2©)--
- double = take-out ( dble and then cue is 4 Spades but no stopper )
- 2 = natural, non-forcing, but opener is allowed to raise
- 2N = 5+ Clubs, at least invitational
- 3 = 5+ Diamonds, at least invitational
- 3 = 5+ Spades, at least invitational
- 3 = (4-1-4-4), game force
- 3 = game force, 4 Spades and a stopper ( if no stopper – see dble )
3N = natural with a stopper
4 = transfer to 4

Bidding with a 2 overcall

1N(2)
- double = take-out (dble and then cue is 4 Hearts but no stopper)
- 2 = natural, non-forcing, but opener is allowed to raise
- 2N = 5+ Clubs, at least invitational
- 3 = 5+ Diamonds, at least invitational
- 3 = 5+ Hearts, at least invitational
- 3 = game force, 4 Hearts and a stopper (if no stopper – see dble)
- 3 = (1-4-4-4), game force
- 3N = natural with a stopper
- 4 = transfer to 4

Artificial overcalls

After an artificial overcall:
Double = 8+ HCP and looking for a penalty
2 of an unbid = natural, non-forcing
2 level cuebid = 4 in other Major and longer Minor, invite or better
2N/3/3 = transfers to next unbid, invite or better
jump cuebid = 3 suiter, game force

For higher overcalls

Doubles below game are negative
bids below game are forcing
Opening Bid

Is similar to a “Precision 2” = 12-15 HCP with 6+ Clubs or 5 Clubs and a 4 card Major.

Responses:

2® asking relay, will have at least an invitational hand
2 / 5 cards, invitational
2NT invitational and suggesting Club support
3® weak
3 invitational with Diamonds
3 / invitational 6 card suit and Club tolerance
4® preempt
other = to play
2NT nonforcing
|| 3 nonforcing
|| 3 nonforcing

2 minimum with 4 Spades
|| 2N relay
|| 3\([\blacksquare]\) 6 Clubs
|| 3 relay
|| 3 lower stiff
|| 3 higher stiff
|| 3N lower void
|| 4 higher void

|| 4 Diamonds (0-4-4-5)
|| 3-4-1-5, stiff D
|| 3 4 Spades (4-4-0-5)
|| 3NT 1-4-3-5, stiff S

2NT nonforcing
3 nonforcing
3 nonforcing

2N Club one suiter, no shortness
|| 3 to play
|| 3 relay
|| 3 3 Hearts (2-3-2-6)
|| 3 3 Spades (3-2-3-6)
|| 3N no 3 card Major
|| 3 \(\blacksquare\)3 shows stopper and weakness in other Major

3 Club one-suiter, with shortness
|| 3 relay
|| 3 \(\blacksquare\)3 /3\(\blacksquare\)3 shortness in bid suit (NT = Diamonds)

3 4 Diamonds, 6+ Clubs
3 4 Hearts, 6+ Clubs, maximum
3 4 Spades, 6+ Clubs, Diamond shortness
3N 4 Spades, 6+ Clubs, Heart shortness
If the opponents overcall, double is takeout and new suit is forcing.
Opening Bid

Is a “Multi 2” = either a weak 2 in one of the Majors.
or a balanced good 20 to bad 22 HCP

If interference, double is penalty.

Responses:

2 ♠ pass or correct to other Major
2NT relay
   □ 3♠ bad hand, bad suit – now 3 ♠ asks which suit?
   □ 3 ♠ bad hand, good suit – a Major (also /3♠) = pass or correct
   □ 3 ♦ good hand, bad suit
   □ 3 ♦ good hand, good suit
3 ♣ pass or correct to other Major
3N to play
Opening 2

Is preemptive (6-10 HCP) showing 5+/5+ cards in Hearts and another suit.

Responses:

2 /3 pass or correct
2NT relay: opener names second suit
Raise Preemptive

Over interference, double is penalty.
Opening 2

Is preemptive (6-10 HCP) showing 5+/5+ cards in Spades and a Minor.

Responses:

3♣/4♣ pass or correct
2NT relay: opener names second suit
Raise Preemptive

Over interference, double is penalty.
Opening 2NT

Weak 5+ / 5+ Minor two suiter, 7-11 HCP should be semi-positive and avoided with a 3 card Major

2NT-3♣/3  pass or correct

2NT-3  relay

| 3  | Heart singleton; |
| 3N | Spade singleton; |
| 4♣ 6 Clubs 5 Diamonds, 1-1 in Majors; |
| 4 6 Diamonds 5 Clubs, 1-1 in Majors; |
| 4  Heart void, 6-5 in Minors ( responder can play in 4 ); |
| 4  Spade void, 6-5 in Minors; |
| 4N  Heart void, 6-6 in Minors; |
| 5♣  Heart void, 6-6 in Minors. |

Now 4N ( or 5N ) asks for Aces

2NT-3  /3N/4  /4  are natural – opener can raise 3  to 4

Slam methods

Slam methods used include the usual Key Card Blackwood, Grand Slam Force etc. but depend primarily on cuebidding.
One form of cuebidding is the use of splinter bids in the usual 2/1 ways.
In most sequences cuebidding “mixed” i.e. in general, the cheapest Ace or King or void or singleton is bid, regardless – so that bypassing a suit denies any sort of first or second round control in that suit and partner would need that missing control not to sign-off in the trump suit.

RKC Blackwood uses the trump King as the fifth Ace or “key” card
Note - key card Blackwood is used in cases where there is an agreed or implied fit only and otherwise regular Blackwood is used ( e.g. 1x–4N is not RKC )
Note further that after a 1N-4♣/4  transfer to 4 /4 , 4N is RKC
while 5 of unbid suit is exclusion Blackwood ( i.e. do not count that Ace )
And there are other sequences where somebody can show a void and then Blackwood – when it is Exclusion – use RKC responses, ignoring the void Ace.

Competitive bidding

We remember that when there is an overcall we use negative doubles up to and including 3 negative free bids for non jump 2 level bid = non-forcing non jump 3 bids are forcing one round

NOTE – if partner has opened a Major and there is an overcall jump bids are “fit showing” = support and trick source in bid suit.
Defensive bidding

There has been no agreements yet for treatments when the opponents open the bidding and there are no suggests given in Matula’s text.

– so as a starting point I assume standard North American style:

a) takeout doubles are short in opened suit 11+ HCP will show other Major (if not a strong 19+ balanced hand or strong one suiter – NB, equal level conversion not used)

b) double is takeout-ish for up to and including 4 opening

c) Michaels and Unusual NT used either weak or quite strong

d) Jump overcalls are weak

e) NAMYATS used by overcaller

f) Leaping Michaels over weak two opener

g) Jump raises by advancer are weak

h) After Major suit overcall

- jump cue by advancer shows limit raise with distribution

i) Cued bid by advancer is forcing to suit agreement or game

j) Change of suit by advancer is misfit and expects to be passed

OR [optional] same level is 1 round force

and next level is misfit and passable

Defense to Multi 2

Agreed the Multi-double:

a) direct double! = overcall in unspecified Major;

if responder bids 2M over the double then double by 4th hand is takeout

b) 2H overcall = strong NT

c) 2S/2NT = strong hands with C/D respectively;

- 4th hand bids:

1st step with poor hand in support,

2nd step with decent hand in support,

1st step and then bid again with good hand in support

d) 3C/3D = natural, limited

Defense to 1NT opener

No specific discussion yet – tentatively will assume –

a) Cappelletti vs all NoTrump ranges and in direct or passout seats

b) Advancer when taking out partner’s double uses all systems on

c) Versus any weak NT (bottom is less than 14 HCP)

double shows any strong NT or better and advancer seldom runs

d) Versus a weak NT - Capp in direct seat shows an opening bid

Defense to STRONG 1  etc.

No specific discussion yet – tentatively will assume –

CRASH – specifically:

double = color, red or black suits

1 = rank, Major or Minor suits

1 or 1 = natural

1N = shape, round or pointed suits

2\[2\] /2 /2 /2 = transfers

NOTE – same scheme for a strong artificial 2\[2\] bid, just 1 level higher
– specifically :
  double = color, red or black suits
  2 = rank, Major or Minor suits
  2 or 2 = natural
  2N = shape, round or pointed suits
  3/3 /3 /3 = transfers
And after a 1-1 sequence by 4th hand except now 1N = rank; 2 = shape
– specifically :
  double = color, red or black suits
  1 or 1 = natural
  1N = rank, Major or Minor suits
  2 = shape, round or pointed suits
  2 /2 /2 /3 = transfers

NOTE – CRASH is off after a 2-2 sequence
and any bidding would be natural.

Passed hand bidding

When partner opens in 3rd or 4th seat there are changes from what the bidding would have meant after a 1st or 2nd seat opener.

Partner opens 1 after you have passed

1
  1 = 4+ card suit, not forcing if opener was light
  1 = 4+ card suit, not forcing if opener was light
  1N = not forcing
  2 = not forcing if opener was light
  2 = strongish raise, not forcing if opener was light
  2 /2 = 10-12 HCP, good 5 cards plus 3+ cards in Ds, not forcing
     2N/3 = not forcing
     raise= invitational
     new suit= forcing
  3 = ! artificial 8-10 HCP raise ( as for unpassed )
  3 = weak raise

Partner opens 1 after you have passed

1
  1 = 4+ card suit
  1N = not forcing
  2 = Drury = limit or better raise with 3+ card support
     2 = artificial showing normal opening
     2 = showing sub minimal opening
     higher = natural, game forcing
     jump to new suit= splinter
     4 = accepting invite to game
  2 = ! artificial puppet to 2N to show fit and shortness
     2N = forced
        3 = stiff Club, invitational
        3 = stiff Diamond, invitational
3 = stiff Spade, invitational
3 = void Club, GF
4 = void Club, GF
4 = void Diamond, GF

2N = fit jump in Spades, invitational
3 = fit jump, invitational
3 = fit jump, invitational
3 = stiff Spade, GF
4 = stiff Club, GF
4 = stiff Diamond, GF
4 = to play

Partner opens 1 after you have passed

1
1N = not forcing
2 = Drury = limit or better raise with 3+ card support
2 = artificial showing normal opening
2 = showing 4 Hearts, normal opening
2 = showing sub minimal opening
higher = natural, game forcing
jump to new suit= splinter
4 = accepting invite to game

2N = ! artificial puppet to 2N to show fit and shortness
3 = forced
3 = stiff Diamond, invitational
3 = stiff Spade, invitational
3 = stiff Club, invitational
4 = void Club, GF
4 = void Diamond, GF
4 = void Diamond, GF

3 = fit jump, invitational
3 = fit jump, invitational
3 = fit jump, invitational
4 = stiff Club, GF
4 = stiff Diamond, GF
4 = stiff Heart, GF
4 = to play

Leads and Signals

The agreement is to use Journalist leads as per the book

Schedule of leads:

<table>
<thead>
<tr>
<th>vs suits</th>
<th>vs NoTrump</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Denies K or is double AK</td>
</tr>
<tr>
<td>K</td>
<td>Shows A or is short</td>
</tr>
<tr>
<td>Q</td>
<td>Shows K or is short</td>
</tr>
<tr>
<td></td>
<td>Shows Q or is short</td>
</tr>
<tr>
<td>----</td>
<td>---------------------</td>
</tr>
<tr>
<td>J</td>
<td></td>
</tr>
<tr>
<td>T</td>
<td>Shows J</td>
</tr>
<tr>
<td>9</td>
<td>Shows T, maybe KT9 or QT9 or KJ9 or short</td>
</tr>
<tr>
<td>small</td>
<td>3rd from even low from odd - small from xxx</td>
</tr>
</tbody>
</table>

**Signals:**

The agreements are not yet well formed and are limited to:

1) use of UDCA
2) 3rd hand’s primary signal is attitude
3) standard present count in suit return or discard
4) Smith Echo used in NT hands – on first suit played by declarer (that does not require a count) – high by either is “alarmclock” = something to say: by third hand that suit is better than it might be, by leader that suit is not so good after all.
5) no odd/even or other suit preference discards rather just using regular attitude
6) play in trump suit has suit preference suggestion when such is possible
